

## A NOTE FROM THE HEADTEACHER

Assalamu alaikum respected parents/guardians,

Alhamdulillah, by the grace of Allah Ta'la, we have reached the end of an amazing school year at Karima Primary School. It has been a pleasure to witness and celebrate the numerous achievements and milestones accomplished by our students.

This term, Karima Primary and Weekday students took part in the Karima Bright Star talent show. The students were all absolutely amazing, a special well done to Abdul-Aziz, Milad and Ali Raza Attari, Alieyah Hussian, Zara Babar and Mohammad Ameen for their fabulous performances. It was a treat to witness!

As we are at the end of another school year, it is also time to bid farewell to our students in Abu Bakr class. I wish them all the best for their future Islamic and Tajweed studies. I pray the time they have spent at Karima Primary has opened their hearts towards knowledge and they continue to walk on this beautiful journey. May Allah grant them success and prosperity in both lives. Ameen!

I hope to see you all next week at the Karima School Sports Day & BBQ, Insha'Allah.

JazakAllah Khayr for your ongoing support.

Waasalam 'alaikum wa rahmatullahi wa barakah tuhu,

Ust. Amina Khan

# FATIMAH AZ ZAHRA/ RUQAYYAH CLASSES

After the half term, the children returned with some brilliant work for the Ramadan Creative Challenge, which they enjoyed sharing with their peers.

Furthermore, It was lovely to see most students from both classes taking part in the Ramadan Reading Challenge and completed it successfully by memorising Surah Ikhlas.

In our final term, we reflected on ourselves and how we can become better Muslims. We covered topics like helping our parents, being a good friend, respecting animals / property and personal hygiene. We learnt how to keep ourselves clean and how to abide by the sunnahs of eating and dinking.

For the end of year assembly, Fatimah, Az Zahra performed the Eid Takbir and Ruqayyah Class sang a nasheed about Eid Al Adha.

## UTHMAN CLASS

In the last term of the year Uthman class covered general health and wellbeing. We discussed topics such as cleanliness and beautification, dressing as a Muslim and the sunnah etiquette of sleeping, drinking, sleeping and waking. One topic that stood out for the kids was oral health and using a miswaak. The children were all given miswaaks in the lesson so that they could use one for a week and write down how it felt when using the miswaak. The children were also tasked to do research about a certain step of Hajj which was Muzdalifah and Rami, this task was given to the kids so that they could learn more about this part of Hajj and be able to explain it to their fellow students at the end of year assembly.

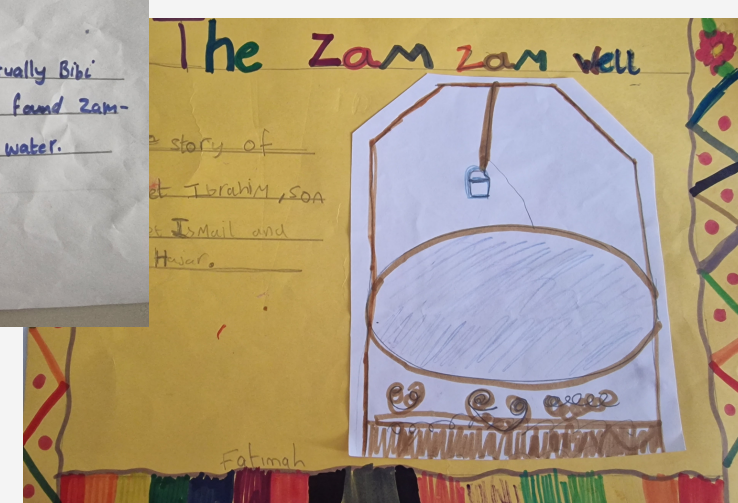

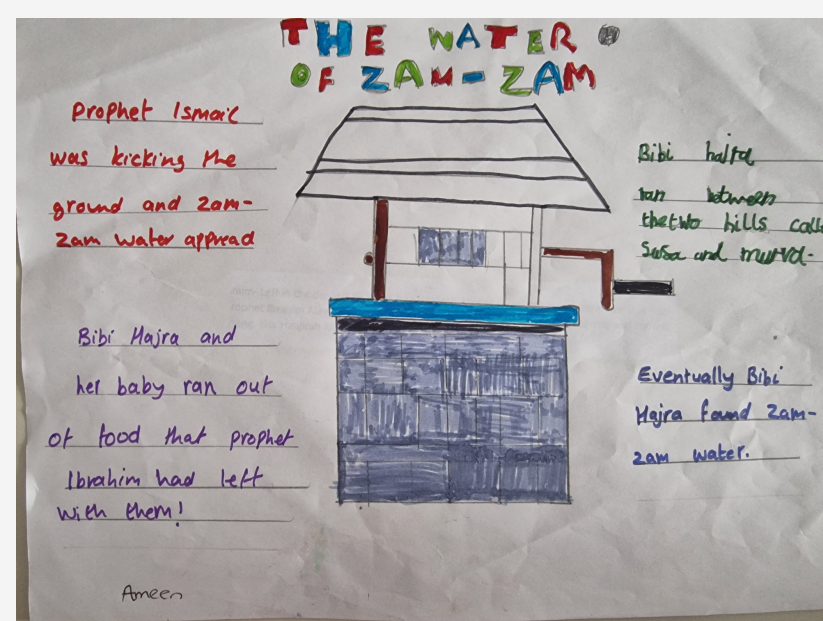

## ALI CLASS

As the year comes to an end, we have spent the last term learning about the beloved Prophets of Allah Ta'la.

Ali class spent some time at the start of the year learning about Allah's Prophets, may Allah Ta'la be pleased with them all. This term the class were keen to learn about the Prophets in more depth. Some of the Prophets we covered in class were Prophet Adam, Prophet Nuh, Prophet Ibrahim, Prophet Ismael, Prophet Yusuf, Prophet Musa and Prophet Isa Alayhum Salam. At the end of the topic we spent some of our time watching stories of each Prophet on YouTube videos to help the class fully understand the stories covered this term.

For the end of year assembly Ali class shared the story of Zam Zam water with the rest of the school. Here are some of the beautiful posters created by the students related to our assembly topic.

## UMAR CLASS

This term Umar class have been learning about Seerah: The life of Prophet Muhammad ﷺ.

The students learnt how the Revelation started, and thought of ways we could spread the message of Islam, today. Some ideas the students came up with were to be a good role model for others and imitate the character of our beloved Prophet Muhammad ﷺ.

We covered how the Prophet Muhammad ﷺ lived his day to day life, interactions with companions and family, his role as a leader, as well as his characteristics and mannerisms. Here one of the children beautifully demonstrates ways of spreading the message of Islam.
